NEEDLES — Milward or Patons
1 pair each 3.25mm (No 10) and 2.75mm (No 12) or sizes needed to give correct tension.

ACCESSORIES — Milward Knitters Needle for sewing seams; 4 Maxart Buttons for **Jumper**; Length of Round Elastic for **Leggings**.

ABBREVIATIONS — See page 34.

TENSION — 29 sts (and 38½ rows) to 10 cm over stocking st.
Why you **should** knit a tension square.
Loose Tension will cause the garments to stretch, drop and rub.
Tight Tension will make the garments too small, with a hard fabric that will matt during washing.
With **Correct Tension**, your garments will look like our photo.
Using 3.25mm Needles, cast on 43 sts.
Work 58 rows stocking st.
Cast off loosely.
Lay your square on a flat surface, place a metric rule across the centre of the square and mark 10 cm with pins as shown in photo on page 17. Count the number of sts between the pins.
You should have 29 sts.

Less sts means loose tension — try needles a size smaller.
More sts means tight tension — try needles a size bigger.
When you have achieved the **correct tension**, use the same needles to knit your garments (you may unravel your tension square and use the yarn in your garments). Remember, if you need to change the needle size to achieve the correct tension, you must also change the size of needles used in bands, etc.

NEEDLES — Milward or Patons
1 pair each 3.25mm (No 10) and 2.75mm (No 12) or sizes needed to give correct tension.

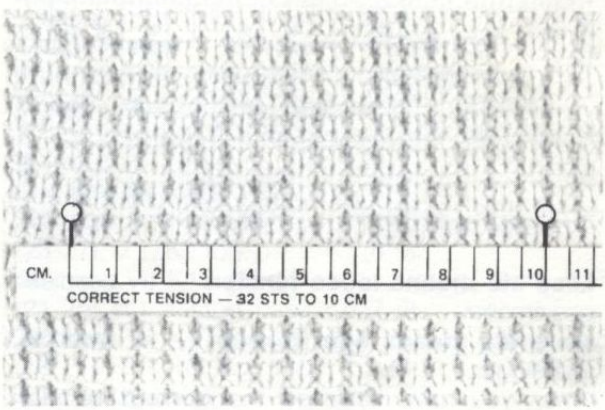
ACCESSORIES — Milward Knitters Needle for sewing seams; 3.00mm (No 10-11) Milward Crochet Hook; 4 Maxart Buttons each for **Dress** and **Jacket**.

ABBREVIATIONS — See pages 20 and 34. "Picot" = 4 ch, sl st back into first of these ch.

TENSION — 32 sts to 10 cm in width over yoke patt.
Why you **should** knit a tension square.
Loose Tension will cause the garments to stretch, drop and rub.
Tight Tension will make the garments too small, with a hard fabric that will matt during washing.
With **Correct Tension**, your garments will look like our photo.
Using 3.25mm Needles, cast on 47 sts.
1st row — P1, * sl 1 purlways, P1, rep from * to end.
2nd row — K1, * P1, K1, rep from * to end.
3rd row — Knit.
4th row — Purl.
Rows 1 to 4 incl form yoke patt.
Work a further 72 rows patt.
Cast off loosely.
Lay your square on a flat surface, place a metric rule across the centre of the square and mark 10 cm with pins as shown in photo.
Count the number of sts between the pins.
You should have 32 sts.



Less sts means loose tension — try needles a size smaller.
More sts means tight tension — try needles a size bigger.
When you have achieved the **correct tension**, use the same needles to knit your garments (you may unravel your tension square and use the yarn in your garments). Remember, if you need to change the needle size to achieve the correct tension, you must also change the size of needles used in bands, etc.

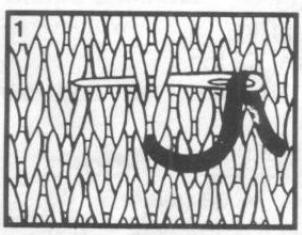
KNITTING STITCH EMBROIDERY

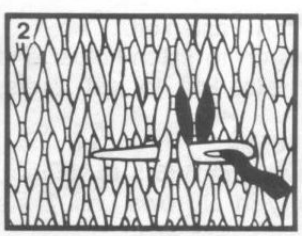
Interest can be added to garments with Knitting Stitch Embroidery — this is very easy to do, especially if you do the embroidery before sewing up the garment.

Knitting stitch is worked over each knitted stitch with a contrasting colour. It is necessary to use yarn of the same thickness as the knitted garment to cover the stitches. Be careful not to pull the stitch too firmly and it will cover the existing stitch completely.

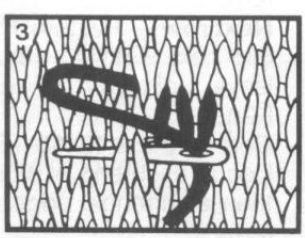
A completed stitch looks like a "V". Each square on the graph represents one stitch. It is a good idea, before beginning, to colour in the graph in the colours to be used. Begin at lower edge of graph, on the right-hand side.



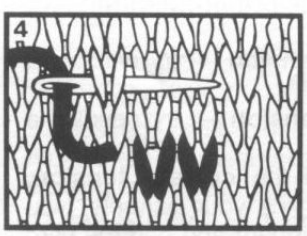
Using a tapestry or knitters needle, bring the needle from the back through the centre of the stitch below the one to be covered.
*Then from right to left under both strands of stitch above the one to be covered.



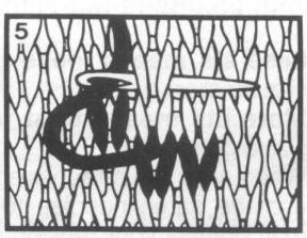
Bring needle back to the start of the stitch, take needle behind 2 strands in row below and up into the centre of next stitch.



You have worked one knitting stitch. Repeat from * following graph for number of stitches. To finish bring needle back to the start of the stitch and through to the back.



To begin the second row:– Bring needle from back to centre of stitch below the one to be covered. Working from left to right pick up both strands of stitch in row above the one to be covered.



Take needle back to beginning of stitch, pick up 2 strands which brings the needle up into centre of next stitch. When working a stitch above one worked in the previous row your needle will come up in the centre of this worked stitch. Repeat this, following graph for number of stitches to be worked.

Be careful not to pull the stitches too firmly. To finish each row or colour — take needle back to beginning of stitch and through to the back.

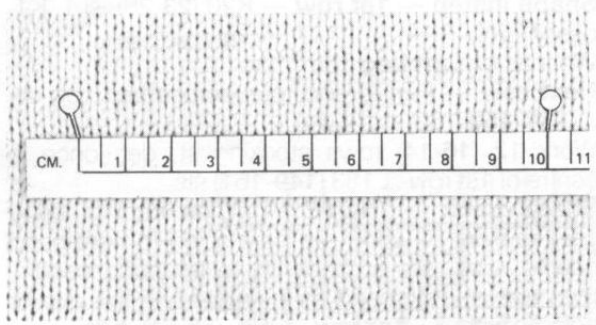
With **Correct Tension**, your garments will look like our photo.
Using 3.25mm Needles, cast on 43 sts.
Work 58 rows stocking st.
Cast off loosely.

Lay your square on a flat surface, place a metric rule across the centre of the square and mark 10 cm with pins as shown in photo. Count the number of sts between the pins.
You should have 29 sts.



Less sts means loose tension — try needles a size smaller.

More sts means tight tension — try needles a size bigger.
When you have achieved the **correct tension**, use the same needles to knit your garments (you may unravel your tension square and use the yarn in your garments). Remember, if you need to change the needle size to achieve the correct tension, you must also change the size of needles used in bands, etc.

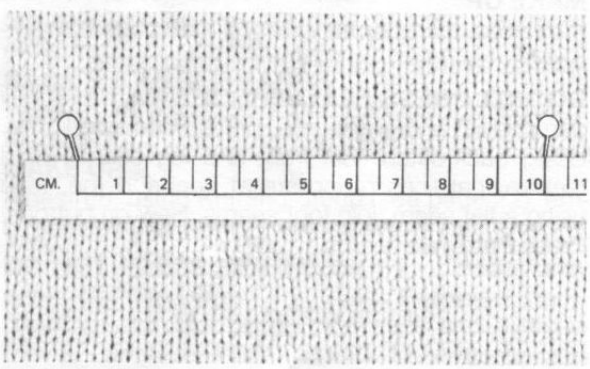
NEEDLES — Milward or Patons
1 pair each 3.25mm (No 10) and 2.75mm (No 12) or sizes needed to give correct tension.

ACCESSORIES — Milward Knitters Needle for sewing seams; 2 Stitch Holders for **High Buttoning Cardigan**; Anchor Stranded Cotton for embroidery if desired; 6 (**6**-6-**7**) Maxart Buttons for **High Buttoning Cardigan**, 4 (**4**-4-**5**) Maxart Buttons for **Medium Buttoning Cardigan**.

ABBREVIATIONS — See page 34.

TENSION — 29 sts to 10 cm in width over stocking st.
Why you **should** knit a tension square.
Loose Tension will cause the garment to stretch, drop and rub.
Tight Tension will make the garment too small, with a hard fabric that will matt during washing.
With **Correct Tension**, your garment will look like our photo.
Using 3.25mm Needles, cast on 43 sts.
Work 58 rows stocking st.
Cast off loosely.
Lay your square on a flat surface, place a metric rule across the centre of the square and mark 10 cm with pins as shown in photo. Count the number of sts between the pins.
You should have 29 sts.



Less sts means loose tension — try needles a size smaller.
More sts means tight tension — try needles a size bigger.
When you have achieved the **correct tension**, use the same needles to knit your garment (you may unravel your tension square and use the yarn in your garment). Remember, if you need to change the needle size to achieve the correct tension, you must also change the size of needles used in bands, etc.

MEDIUM BUTTONING

To obtain correct length of band required, sew raglan or shoulder seams as stated in instructions. Place a pin at centre back neck of garment. Lay cardigan flat on table and pin fronts to back at raglan or shoulder seams. Pin fronts to back of cardigan along front edges, taking care that lower bands and front shapings match exactly. All rows of knitting should be horizontal across garment, thus any stripes or patterns will match exactly.

Knit about ¾ of length of band required. Place band to cardigan (garment laid flat) matching row for row on lower bands and noting that first row of knitting is right side of band unless otherwise stated. Pin buttonhole section to right front (left for man) noting that top buttonhole should come level with or a little below first shaping. Pin band up to raglan or shoulder seam.

Take pins from raglan or shoulder seam and pin band around to centre back. Band across back neck should be firm enough to prevent back of garment stretching when worn. Mark centre back of band and point of band opposite first shaping. Unpin band from garment and knit band length required, measuring second half by folding at centre back pin. Mark point to match to first shaping on other front.

Pin front band to lower bands, matching row for row. Pin bands to fronts up to first shaping. Pin at back neck, then remainder to front slopes. Lift garment from table and remove pins attaching fronts to back.

Re-pin band so that right side of band is facing right side of garment, taking out and replacing each pin separately.

Back-stitch band to cardigan. Care should be taken that lower edge of garment forms a straight edge and that there is not an indentation at band seam. One stitch should be taken from band and cardigan to form seam.

HIGH BUTTONING

Knit bands as instructions. Sew raglan or shoulder seams as stated in instructions. Pin front bands to lower bands of cardigan, matching row for row.

Lay cardigan flat on table and pin fronts to back at raglan or shoulder seams. Pin fronts to back along front edges, taking care that lower bands and neck edges match exactly. All rows of knitting should be horizontal across garment, thus any stripes or patterns will match exactly.

Mark fronts in quarters with pins by measuring (from top of lower bands) with tape measure. Mark front bands in quarters (from top of lower bands).

Pin bands to cardigan, watching that all lines of knitting remain horizontal. Turn bands so that right side of band is to right side of garment and re-pin, taking out and replacing each pin separately. Complete as given from **to** for Medium Buttoning.

NEEDLES — Milward or Patons
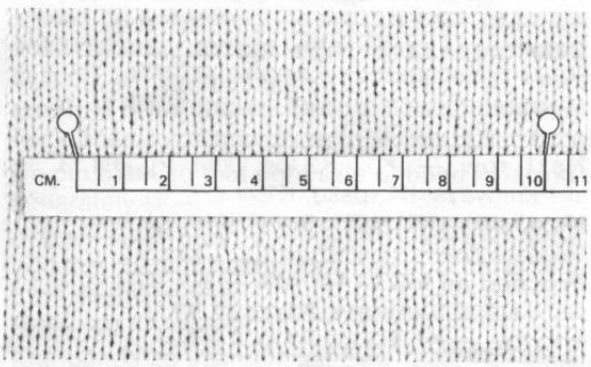
1 pair each 3.25mm (No 10), 3.00mm (No 11), and 2.75mm (No 12) or sizes needed to give correct tension.

ACCESSORIES — 3 Stitch Holders; Small Quantity Contrasting Colour for Smocking; Milward Knitters Needle for sewing seams and smocking; 4 Maxart Buttons each for **Dress** and **Jacket**; Length of Round Elastic for **Leggings**.

ABBREVIATIONS — See page 34.

TENSION — 29 sts (and 38½ rows) to 10 cm over stocking st using 3.25mm Needles.
Why you **should** knit a tension square.
Loose Tension will cause the garments to stretch, drop and rub.
Tight Tension will make the garments too small, with a hard fabric that will matt during washing.
With **Correct Tension**, your garments will look like our photo.
Using 3.25mm Needles, cast on 43 sts.
Work 58 rows stocking st.
Cast off loosely.
Lay your square on a flat surface, place a metric rule across the centre of the square and mark 10 cm with pins as shown in photo. Count the number of sts between the pins.
You should have 29 sts.



Less sts means loose tension — try needles a size smaller.
More sts means tight tension — try needles a size bigger.
When you have achieved the **correct tension**, use the same needles to knit your garments (you may unravel your tension square and use the yarn in your garments). Remember, if you need to change the needle size to achieve the correct tension, you must also change the size of needles used in bands, etc.

Work smocking over Rib Patt at ankles as for Dress.

DO NOT PRESS FEATHERSOFT. With a slightly damp cloth and warm iron, press **Patonyle** lightly. Using back-stitch, join front, back and leg seams. Fold feet so that lines of dec are at heel and toe, then using a flat seam, join foot seams. Thread round elastic through 2nd, 5th and 8th rows of rib at waist and draw up to desired measurement. Press **Patonyle** seams

BACK-STITCH SEAM

This is the method most commonly used for joining knitted garments. The seam should be sewn one full stitch in from the end of each row so that all seams will be even. One stitch should be worked over every row. Darn in all ends of yarn **after** sewing seams.

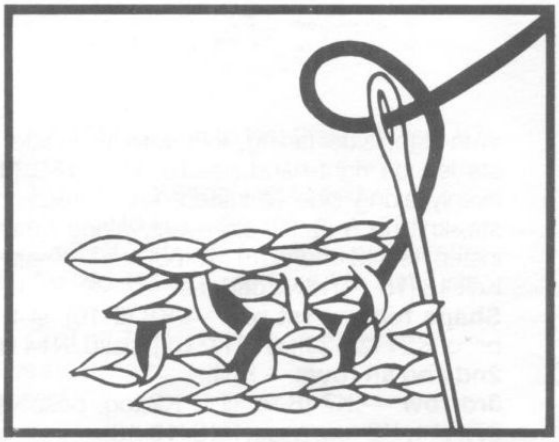
FLAT SEAM

This method is sometimes used for knitted garments but more often for crochet garments. A flat seam may be worked from either the right or the wrong side of the work. Place the 2 pieces of fabric evenly together and sew stitch by stitch, always bringing the needle up from underneath to top through the centre of the stitch, then in same manner through corresponding stitch on second piece of fabric.

Note — Diagram shows knitted fabric, but method is the same for knitting or crochet. Always keep work elastic — there should be as much stretch in your seam as there is in the rest of your garment.



KNITTING ABBREVIATIONS

K = knit; **P** = purl; **sl** = slip; **psso** = pass slipped stitch(es) over; **tbl** = through back of loop(s); **y bk** = yarn back — take yarn under needle from purling position into knitting position; **y ft** = yarn front — bring yarn under needle from knitting position into purling position; **y fwd** = yarn forward — bring yarn under needle, then over into knitting position again, thus making a stitch; **yon** = yarn over needle — take yarn over top of needle into knitting position, thus making a stitch; **yrn** = yarn round needle — take yarn right around needle into purling position, thus making a stitch; **"M1"** = make 1 — pick up loop which lies before next stitch, place on left-hand needle and knit (or purl) into back of loop; **garter st** = every row knit; **stocking st** = 1 row knit, 1 row purl; **purl fabric** = 1 row purl, 1 row knit (purl side is right side).

When instructions read — "Cast off 2 sts, K2" (or similar stitches), the stitch left on the right-hand needle, after casting off, is counted as one stitch.

alt = alternate; **beg** = begin or beginning; **cont** = continue; **dec** = decrease, decreased, decreases or decreasing; **foll** = following or follows; **inc** = increase, increased, increases or increasing; **incl** = including or inclusive; **0** = no rows, stitches or times; **patt** = pattern; **rem** = remain, remains, remainder or remaining; **rep** = repeat; **st, sts** = stitch, stitches; **tog** = together; **cm** = centimetre(s); **mm** = millimetre(s); **ins** = inches.

The first row is always the right side of the work unless otherwise stated.

THE **NEW** HAND KNIT STAR ★ RATING — TO HELP **YOU TO CHOOSE THE PATTERN** SUITED TO **YOUR** KNITTING ABILITY.

★ One star says this is a **beginner level** of knitting. Knit and Purl stitches, casting on and off and some basic increasing and decreasing.

★★ Two stars mean **easy knits,** with knit-purl stitch patterns, simple lace patterns (no shaping in the lace), slip-stitch patterns, and cables.

★★★ Three stars are for **advanced knitters** requiring some specialised knowledge, such as Fair Isle, Aran and more complicated lace patterns.

★★★★ Four stars signal a **challenge knit.** There can be make-and-lose patterns, complicated shaping, and any technique that requires a high level of concentration.

P The letter **P** after any star grouping suggests that an additional degree of patience is required for a quality finish.
